Dear Parents, Coaches and Athletes,

The Region 7 National Qualifier/All Star Competition will be held April 8-11, 2021 at:

Liberty Bell Athletics
110 Christopher Lane
Harleysville, PA 19438.

State Competitions whether In Person or Virtual are being held from March 5-21 depending upon your state's decision and will be used to qualify to this event. An Allotment system is being used to control the number of athletes in each session and hopefully to allow parity among the qualifiers from each state. Athletes, Parents and Coaches wanting to participate in the Regional National Qualifier must be willing and able to travel to the 2021 Development Program National Championships in Daytona Beach, FL on May 11-16, 2021. (National Qualifier Levels only) The All-Star Competitions will showcase the best athletes that have been training through the Pandemic. This has been a trying time for everyone and hopefully this will provide some reward to the training they have done.

Parent Information

There is no host hotel for this event but since we last had a regional event there, more hotels are available.

We will be following USA Gymnastics safety protocols for mask use during the competition. Athletes will be allowed to have 1 Parent/Chaperone to attend the event in person.

Each Athlete Parent/Chaperone attending the event will be given a website, password, and number they can give to other family members to watch a live stream of the competition.

We are asking but not requiring that each Athlete/Parent/Coach/Official have a rapid COVID negative test 5 days prior to the date of the competition to show at the door of the competition for entrance. Adherence to this is voluntary, but compliance expected as it helps to ensure the safety and comfort level of everyone at the event.

As more information about the event evolves it will be posted on the regional web site.

The pandemic has taken its toll on everyone and hopefully this can be an uplifting event.
